EXPERIENCE

Freelance, NYC, *Web Developer*

MAY 2022 - PRESENT

Developed custom websites using **React**, **HTML5/CSS**, and **Javascript** which can be viewed in my [online portfolio](#).

Keen focus on **smooth**, **seamless**, and **responsive design** with **full user accessibility** in order to **improve customer engagement**.

Expanding knowledge of React framework in order to migrate multi-page user experiences into single-page applications through use of **Redux** and **React Router** .

Julie Vos, NYC, *Fulfillment Specialist*

MAY 2022 - JAN 2023

Responsible for accurately processing customer's orders including picking the items to fill the order, to carefully packaging and readying the items for shipping internationally.

Assisted with inventory log, keeping storage racks clean and easy to pull product when needed.

Unloaded and prepared confidential company product shipments from overseas production factories to refill backroom storage.

RED Models, NYC, *Model*

NOV 2016 - JUNE 2021

Versatility to present clothing, designs, and products in editorials, runways, e-commerce, and/or advertisements.

Developed important time management skills and maintained agent relations working independently with no direct supervision.

Kept up with market trends and styling to enhance knowledge of consumer interests in product fit, quality, and aesthetic.
